## NATUZZI ITALIA

## Anemonia Y880

## TECHNICAL INFORMATION

Designer: Elena Salmistraro

In keeping with the entire Posidonia collection by Elena Salmistraro, the Anemonia mirror is an authentic piece inspired by the relationship between the marine environment in Apulia and the inland areas, combining shape and function in a decorative project with a unique and one-of-a-kind style.

Anemonia is a mirror which merges geometric elements taken from the shapes of tuff quarries and the organic elements of the sea. Its versatility is showcased in the possibility of installing it as a freestanding element, thanks to the metal structure, or hanging it horizontally or vertically on the wall, thus turning the idea of geometry and the symmetry of the frame upside down.

## COMMERCIAL FEATURES &amp; BENEFIT

- Functional and of great scenic impact, Anemonia contains 3 possible configurations in a single element:
- Free standing mirror, in the living room or bedroom
- Wall mirror in vertical position, for the entrance or the bedroom
- Wall mirror in a horizontal position, for the living room, lounge or bedroom
